

BALLET DIVERTIMENTO

ÉCOLE ET CENTRE CHORÉGRAPHIQUE

Profile

Passion, excellence and self-improvement

A non-profit organization founded in 1991 by Susan Alexander, Ballet Divertimento is a school with a choreographic center where children, teens and adults can cultivate their passion for dance, for professional purposes or as recreation.

Ballet Divertimento offers a Dance-Study program (secondary level) and a professional program (college level). These programs allow students to pursue both their high school and college education while gaining professional dance training.

Located in an open and creative environment in the heart of Montreal, the school occupies premises entirely dedicated to dance. More than twenty experienced teachers teach there on a regular basis, in addition to many visiting teachers. It welcomes around 800 students each year.

***A training recognized by
the professional dance
community.***

**An audition by appointment
is possible at any time**

Program

DANCE-STUDIES

Description

Ballet Divertimento's Dance-Studies offers students the opportunity to combine their schooling with professional dance training. During their journey, they have the chance to be inspired by and work with teachers and choreographers from the dance world here and elsewhere.
